

Change is an inevitable part of life. This year we are seeing a big change in the structure of our high school with the opening of our Freshmen Center building. However, this change should not change our thoughts about *who* is Hamilton Southeastern High School. If you hold this book in your hand you are a Royal!

Regardless of where you are on your high school journey there are opportunities for you to get involved in our school. There are a variety of clubs and organizations that service the many different interests of you the student. I encourage you to get involved so that you can contribute your talents to make our school an even better place.

I wish you much success this school year. Work hard both in and out of the classroom to be the best that you can be. If you need help along your journey please do not hesitate to ask. The adults in our school are all here to help you get the most out of your high school experience.

Take pride in yourself and in the Royals,

Matt Kegley

BOOK RENTAL AND FEES

1. Student fee statements are mailed in mid-September and payment is due in October. All returned checks will result in a \$20 penalty. Any "unpaid" book rental fees will be turned over to a collection agency. Loss, theft, or "beyond use" damage fees will be assessed by the bookstore and collected at the end of each semester or year. **An online payment option is available on Family Access via eFunds under "District Links".**
2. The student will be responsible for any increase in the book fees due to a class schedule change. There will be no refunds of school book fees if a student initiates a class schedule change.
3. If a student leaves Hamilton Southeastern Schools, no refund of fees aggregating \$20.00 or less will be made. Refunds over \$20.00 will be processed through normal procedures. SAF Materials and Consumable Fees will not be refunded and will be collected at full price. Textbook Rental Fees will be prorated based on number of days student is enrolled in school.
4. Seniors must pay text book rentals and other school fees prior to commencement exercises.

BOOKSTORE SERVICES

In addition to handling all textbook rentals, the bookstore sells expendable materials required by teachers. Other school supplies such as pencils, notebooks, paper, folders, etc. are also available for purchase. The bookstore hours are 7:15 a.m. to 3:00 p.m. Monday-Friday. The bookstore will be closed during class periods and from 12:00 – 12:30 p.m. for lunch.

BUILDING SERVICE PERSONNEL

Building service personnel are very important people in our school system. Be considerate and appreciative of their efforts. Help assist these people by using proper waste cans, not writing on desks, etc. to help make our school a cleaner, better place.

CAFETERIA SERVICES

Students spend their entire lunchtime in the cafeteria or commons area to avoid distraction to the classes still in session. Students are not to go to lockers, Guidance Office, or classroom areas without permission during lunch hours. **HSE High School operates as a closed campus. No one may leave the school building for lunch.** A student may, however, choose to bring his/her own lunch. All food and drinks must be consumed in the cafeteria **with the exception of water in a clear, disposable, plastic bottle.** Students are not to go to the cafeteria for food except during their scheduled lunch times. Students may deposit

money into their cafeteria account to eliminate the need to bring cash to school everyday. **Due to corporation policy, students will not be allowed to charge their lunches.** If a student leaves Hamilton Southeastern Schools, no refunds of lunch balances aggregating \$20.00 or less will be made. Refunds over \$20.00 will be processed through the normal claims procedure. **An online payment option is available on Family Access via eFunds under "District Links".**

It is a digital and printed materials center for research and reference work, to satisfy reading interests beyond textbooks, and for serious browsing. Books and magazines may be checked out for a three-week period. The Library Media Center is open every school day from 7:15 a.m. to 3:15 p.m. Copy machines are available to students at a cost of five cents per page. No color copies are available. There is a scanner for scanning pictures from books or photographs. An online catalog, databases, selected websites and helpful links are available for research. There is also a Media Center course in Angel that offers direct links and passwords to digital information. Internet access

Students must present their pass at the circulation desk and sign in. Students are expected to work on class assignments.

The librarian reserves the right to temporarily exclude a student who abuses his/her library privileges.

MESSAGES/DELIVERIES

Only emergency messages from a parent will be delivered to students. Messages received by telephone or delivered in person will be sent to an administrator who may forward the message to the student. 1. Guidance counselors are available throughout the school day. Students should sign up in the guidance reception area if they desire to see a counselor. In addition, all teachers have sign-up sheets available in their classrooms. Students may fill out requests to see their counselor and teachers will make sure the counselor gets the request. Indicate name, grade, and the nature of the discussion if possible. Counselors will then call the students from class as time allows. Urgent problems take priority. Students should feel free to discuss problems such as classes, grades, course selection, vocational or college opportunities, or items relating to personal welfare.
2. Students will be assigned to a counselor alphabetically by the last name of the student.
3. College (public, private and proprietary), military academy and ROTC representatives will be visiting HSE HS Guidance Department throughout the year to meet with prospective students. Representatives will be contacting Guidance in advance to schedule the visit. Guidance will make announcements during the week preceding the visit, and students are encouraged to sign up using Naviance prior to the visit.
4. Representatives of the armed services may meet with students in the cafeteria during the lunch periods. Representatives must contact Guidance in advance to schedule the visit. Each branch of the armed services may visit no more than once a month.

HSE HIGH SCHOOL GRADUATION REQUIREMENTS

The completion of Core 40 is an Indiana graduation requirement. Indiana’s Core 40 curriculum provides the academic foundation all students need to succeed in college and the workforce.

To graduate with less than Core 40, the following formal opt-out process must be completed:

- The student, the student’s parent/guardian, and the student’s counselor (or another staff member who assists students in course selection) meet to discuss the student’s progress.
- The student’s career and course plan is reviewed.
- The student’s parent/guardian determines whether the student will achieve greater educational benefits by completing the general curriculum or the Core 40 curriculum.
- If the decision is made to opt-out of Core 40, the student is required to complete the course and credit requirements for a general diploma and the career/academic sequence the student will pursue is determined.

POST-SECONDARY

A student may, upon approval of the principal, enroll in courses offered by an eligible postsecondary institution on a full-time or part-time basis during grade 11, grade 12, or both. If a course has been approved for secondary credit by the school corporation, a student is entitled to credit toward graduation requirements for each course the student successfully completes at that institution. Each student who desires to enroll in an eligible institution must notify the principal, in writing, at least one month prior to the beginning of the semester in which the student intends to enroll. The student should state the name of the institution and provide an official course description. The request would then be submitted for approval by

the principal, assistant principal and the department chairperson of the discipline for which credit is requested. The committee recommendation will determine credit awarded for that course. Procedures concerning grades and withdrawal will be adhered to according to HSE High School Policies. All transportation and financial obligations will be the responsibility of each student.

COURSE RETAKE

A student will be permitted to retake a course if he/she has previously taken the course and has earned a grade of D+ or below. The student will only be allowed to retake this course within two semesters of the previously taken course. The retake must be for the exact same course and level previously taken. No additional credit will be earned for the second time the course is taken. The grade the student is assigned when repeating the course will replace the first grade earned and will become part of the student's GPA. Both grades will be posted on the student's transcript. All regular withdrawal rules apply.

ENROLLMENT

IMMUNIZATION POLICY

At the time of enrollment, in any grade, it is the responsibility of the parent/guardian of a student to provide proof of proper immunization in accordance with current Indiana law. On his/her first day of attendance, a student without proof of proper immunization is considered in violation of Indiana law, and will not be allowed to attend school unless the Superintendent or his/her designee determines that the student qualifies for a waiver or extension as allowed by applicable law. A student in the process of obtaining immunizations may attend school, but a statement from the physician or Health Department is required. A waiver may be granted due to religious or health reasons as allowed by law. Each school will maintain an immunization record of its students. Each school will annually file a written report to the State Board of Health as required by law. (I.C. 20-34-4-5)

STUDENTS TRANSFERRING TO HSE HS

1. Students moving into Hamilton Southeastern Schools will be accepted as transfer students.
2. The following information is needed to enroll:
 - proof of residency
 - birth certificate
 - immunization record
 - current grades or transcript at the time of withdrawal from the previous school

In cases where students live with only one parent due to divorce or separation, proof of physical custody may be required. Students in special education programs must provide a copy of the student's most recent IEP and the results of the student's most recent educational evaluation. Once the required enrollment information is gathered, the parents and student must make an appointment with the appropriate guidance counselor for an enrollment conference.

3. A student enrolling only for the second semester will not be scheduled for a full year class unless he/she has taken the first semester at their previous school.
4. For a variety of reasons a student may wish to enroll in a different/higher level course. Reasons might include exposure to or knowledge of subject content attained prior to high school, in the workplace, or within the family environment. With the approval of the instructor, a student may take a placement test to see if he/she is capable of success at this more advanced level. Credit may be earned only for the studies successfully completed at the secondary level.
5. Students who transfer will be ranked with their class the semester following two full semesters of attendance at HSE High School.
6. Transfer students interested in athletics should make an appointment with the athletic director to complete the IHSAA transfer forms.

WITHDRAWAL

1. A student anticipating withdrawal from school should have a parent/guardian contact the Guidance Department at least one day before the final attendance day. On the final day of attendance, the student must obtain a withdrawal form from the Guidance office. Signatures from appropriate staff must be obtained. This allows teachers to be notified and to release grades earned at that time. An official withdrawal form can then be carried by the student to the new school. All obligations — book rental, library, textbooks returned — must be completed before a transcript will be sent to the receiving school.
2. HSE High School will forward educational and health records to a school where a student intends to enroll upon request.

LATE ENROLLMENT

Students who have been enrolled in another school corporation will be accepted as transfer students whenever the family moves to Hamilton Southeastern Schools. However, a student will not receive credit at HSE High School after the third week (15 school days) of a semester unless he/she has been enrolled in another school corporation during that time. Proof of residency, transcripts, current grade information, birth certificate, and health records must be provided before an incoming student will be enrolled. A student enrolling only for a second semester will not be scheduled for a full year class unless he/she has taken the first semester.

ADMISSION OF FOREIGN EXCHANGE STUDENTS

The Board recognizes the positive cultural benefits to the students, staff, and the community in meeting students from other countries and in having foreign exchange students as members of the student body of this corporation. Students will be accepted from foreign countries each year subject to the approval of the building principal and the Superintendent. A minimum of 60 days notice from the sponsoring agency or family prior to enrollment of a student is deemed necessary to properly accommodate the student. The agency must be an Indiana State Board of Education approved program. Foreign exchange students must adhere to all school regulations and must reside in housing of a sponsoring family. Such foreign exchange students will be considered resident students for the period they remain with the approved family residing in Hamilton Southeastern School District. The number of foreign exchange students will be limited to five students per semester. The planned length of stay for a foreign exchange student is to be no less than one semester and no longer than two semesters. Foreign exchange students who spend one school year at HSE High School are required to take one semester of United States History, one semester of United States Government, and two semesters of English 11. A HSE High School diploma will not be issued to a foreign exchange student.

RESIDENCY REQUIREMENTS

Resident students are those whose legal settlement is within the corporation's geographic boundary. A student's legal settlement will be determined under applicable Indiana law. A student's legal settlement will also determine the student's school attendance area within Hamilton Southeastern Schools. Any question in regards to a student's legal settlement must be directed to the office of the superintendent (594-4100).

Student's legal settlement not in attendance area: A student may be expelled from school if the student's legal settlement is not in the attendance area of the school corporation where the student is enrolled. (I.C. 20-33-8-17)

CURRICULA

FOUR-YEAR PLAN

Each student enrolling as a freshman should complete a four-year plan based on the student's goal for post-secondary options and/or future career goals.

FULL-TIME STUDENT

Every student enrolled is to be a full-time student. Students must be enrolled in at least six credit courses. There is no provision for part-time status. If a student's withdrawal from a class, by choice or by disciplinary reason, results in less than the six required classes, he/she may be expected to withdraw or be dismissed from school under the due process procedure.

ACADEMIC ASSISTANCE CENTER

The HSE HS "Academic Assistance Center" is a supplementary program designed to assist general education students in individualizing learning in the content areas of mathematics and language arts through a homework tutorial service, teacher-designed learning prescriptive and extended learning opportunities. In the area of assessment, the HSE HS Academic Assistance Center works with teachers to design remedial opportunities for students.

Overall, the focus of the HSE HS Academic Assistance Center is to help students achieve the following:

- Help students understand their own learning styles, the teaching styles of their teachers, the Bloom's Taxonomy levels of their assignment, and gifts in the area of multiple intelligence
- Boost the self-reliance and confidence of students
- Design a learning plan with specific steps to gain the skills needed to become a successful student
- Develop the skills and proficiencies necessary for fast and efficient learning

CLASS SCHEDULES

1. Counselors will meet with students early in the second semester to assist in selecting classes for the next year. All students at HSE HS are given a course catalogue listing courses, class prerequisites, credit values, grade level entry, and a short description of each course.
2. Students should work with their parents and their counselor to select their courses carefully. The selections made will play a critical role in the student's future options in further education and in career choices.
3. Questions regarding schedules should be directed to the student's counselor.

SCHEDULE CHANGE REQUEST PROCEDURE

Students and parents should carefully consider all course requests prior to meeting with their guidance counselor to schedule courses for an upcoming school year. Students leaving for summer vacation should consider course requests made at the time of scheduling as final.

Schedule changes after **June 1** will be administratively granted under the following circumstances:

- Administrative error in scheduling (i.e. original student requests were not entered correctly)
- Need to balance class sizes
- Student failed a second semester class or summer school class in a required subject
- Students with seven classes may drop one class for a study hall during the first **eight days** of the semester provided that class is not an Honors, ACP or AP course
- Documented physical or mental condition requires a modification in the schedule
- Special education considerations
- Student is academically misplaced in the course (has not completed pre-requisites, new enrollee misplaced)
- Administrative discretion

Students may not change their schedules due to instructor preference. (Approval of all schedule change requests is subject to consideration involving maximum and minimum class size.) Except under very special circumstances, any student who withdraws from a class after the second week will receive a "WF" (Withdrawal Failure) as a semester grade for the class.

Year long and semester classes are included in this policy.

Students enrolled in dual credit courses in which college credit may be granted, must research and consider the application of credit at other universities carefully prior to scheduling. Changes in college entrance status will not be considered in granting schedule change requests.

ONLINE COURSES AND SUMMER SCHOOL ENROLLMENTS

1. To take classes for credit, including correspondence courses, students must have prior approval by the guidance department or principal.
2. Grades **MUST** be received by May 15 if they are to be counted toward commencement eligibility.
3. A maximum of four credits from night school, correspondence courses, or summer school classes taken from institutions other than HSE High School may be allowed to apply toward graduation.

GRADING PHILOSOPHY

HSE High School will report pupil progress using methods that are comprehensible to parents and students. The method used will be a fair measure of students' intellectual and creative achievement. The school corporation believes that progress is the very foundation of education and recognizes the school's obligation to provide reports of students' advancement through the system.

GRADE POINT

To calculate a cumulative grade point, the semester final grade of each class is assigned a point value as indicated below. This total is then divided by the number of credits attempted, with the results being carried out three decimal places. This calculation is done for each student after every semester. The grading system at HSE High School is shown below.

A+	=	4.33	}	points	Excellent
A	=	4.00		points	
A-	=	3.67		points	

B+	=	3.33	}	points	Above Average
B	=	3.00		points	
B-	=	2.67		points	
C+	=	2.33	}	points	Average
C	=	2.00		points	
C-	=	1.67		points	
D+	=	1.33	}	points	Below Average
D	=	1.00		points	
D-	=	0.67		points	
F	=	0		points	Failure
W/F	=	0		points	Withdrawal/Failure
I	=	0		points	Incomplete

Formula for Calculating GPA of Weighted Courses

Honors, Advanced Placement (AP), and International Baccalaureate (IB) classes will receive weighted grades. For students who have taken Honors courses, their GPA is adjusted upward using the following formula: .096 multiplied by the number of semester Honors courses passed divided by the number of semesters of high school completed. This quotient is then added to the GPA. All AP and IB classes will carry a weight of .143, unless otherwise noted in the Curriculum Guide, which will be multiplied by the number of semester AP and IB courses passed divided by the number of semesters of high school completed. Both quotients will be added to the GPA.

Cumulative Grade Point Averages Example

Cumulative Grade Point Averages Example

G.P.A. is computed using the semester grades.

Algebra 1	A-	1*3.67 = 3.67
Phys. Ed	B	1*3.0 = 3.0
World History	B	1*3.0 = 3.0
Biology	B+	1*3.33 = 3.33
Study Hall	0	
English 9 Honors	A	1*4.0 = 4.0
Health	A-	1*3.67 = 3.67
		G.P.A. = 20.67 / 6 = 3.445

This will be the grade point average with no grade weighting.

GRADE WEIGHTING

This student has 1 credit, English 9 Honors, which is weighted. $0.096 * 1 = 0.096$

Divide by the number of semesters completed $0.096 / 1 = 0.096$

Add that to the total unweighted G.P.A. $3.445 + 0.096 = 3.541$

New G.P.A. for the student

NOTE: * = multiply (x)

CLASS RANK

The cumulative grade points of all the students in each class are listed in order from highest to lowest. This ranking is done each semester after the grade points are calculated.

GRADE REPORTS

1. At the conclusion of each nine-weeks grading period, a grade report is issued to the student. The two grading period grades plus the semester exam grade are used to determine the final semester grade.
2. Grade reports are available on Skyward. A hard copy grade report may be requested through the Guidance Office.
3. Students will receive progress reports midway through a grading period.

GQE WAIVER REQUIREMENTS

Students who do not achieve a passing score on the graduation exam may be eligible to graduate if the student does all of the following:

1. Take the graduation exam in each subject area in which the student does not achieve a passing score at least one time every school year after the school year in which the student first takes the graduation exam.
2. Completes remediation opportunities provided to the student by the student's school.
3. Maintains a school attendance rate of at least ninety-five percent (95%) with excused absences not counting against the student's attendance.
4. Maintains at least a "C" average or the equivalent in the courses comprising the credits specifically required for graduation by rule of the state board.
5. Otherwise satisfies all state and local graduation requirements.
6. Either:
 - a. Completes:
 - i. The course and credit requirements for a general diploma, including the career academic sequence;
 - ii. A workforce readiness assessment; and
 - iii. At least one career exploration internship, cooperative educational, or workforce credential recommended by the student's school; or
 - b. Obtains a written recommendation from a teacher of the student in each subject area in which the student has not achieved a passing score on the graduation exam. The written recommendation must be concurred in by the principal of the student's school and be supported by documentation that the student has attained the academic standard in the subject area based on:
 - i. Tests other than the graduation exam; or
 - ii. Classroom work

HONOR ROLL

1. A scholastic honor roll is compiled each semester. A special category of high honor roll recognizes those students who have a 3.67 or higher weighted semester GPA and no grade below a B-. To attain the honor roll, a student must have a 2.67 or higher weighted semester GPA and no grade below a C-.
2. The Honor Roll will be posted on the HSE Website.

INCOMPLETES

Incompletes will only be given with permission from the principal or designee.

SCHOOL CODE NUMBER FOR COLLEGE FORMS: 151045

This is the ETS (Educational Testing Service) number to be used for the SAT and ACT applications from HSE High School. It may also be requested on college applications.

SCHOLARSHIPS AND AWARDS

1. The Guidance Department provides all seniors a scholarship and financial aid guide. Scholarships are announced and specific information is available in the Guidance Office.
2. Each year several organizations offer awards and scholarships to graduating seniors. Most of these are presented at Awards Night.
3. The Hamilton Southeastern Schools Foundation sponsors Dollars for Scholars which presents a number of monetary awards. The Hamilton Southeastern Schools Education Association offers an award annually.

SENIOR CLASS RANKING

1. Every year the graduating senior with the highest cumulative grade point is recognized as the class valedictorian. The student with the next highest cumulative grade point is named salutatorian. These awards carry a special medallion to be worn over the graduation robe. Students eligible for consideration of this honor must have been enrolled in HSE High School for at least two full semesters and must be enrolled in and complete at least six credits that count toward graduation requirements during the eighth semester.
2. Each student in the top 10 percent of the graduating class (completing eight semesters) is honored with a medallion. These honorees are taken from the eighth-semester rank list.
3. Eighth-semester grades are used to establish final class rank and cumulative GPA. These are requested by colleges even after acceptance.
4. A student who transfers will be ranked with their class the semester following two full semesters of attendance at HSE High School.

TOP 25

Students ranking in the top 25 of each grade after seven semesters will be honored at the Top 25 Awards Banquet in the spring. Students eligible for consideration of this honor must be enrolled as a full-time student during the eighth semester.

GRADUATION CEREMONY POLICY

1. To be eligible for graduation a student must meet all requirements set forth by the Hamilton Southeastern Schools and the State of Indiana.
2. A student who is under suspension, expulsion, or exclusion at the time of graduation or one who receives a disciplinary penalty for acts which took place after exams were completed may not participate in commencement ceremonies.
3. Graduating students must have a completed SENIOR CHECK LIST on file in the Principal's Office or designee by the last day of senior final exams and must attend commencement practice to qualify for the commencement ceremony.

SEVENTH SEMESTER GRADUATION

It is advisable to complete four full years of high school. Graduation may be achieved after six or seven semesters if all forty-two required credits have been completed. This must be planned when classes are being elected for a student's final-year of high school. A form requesting sixth or seventh semester graduation must be filed with the student's counselor. This form must be signed by both student and parent in the spring prior to the student's final year. The principal will decide whether a student's request will be honored. A sixth or seventh semester graduate may participate in end of the year senior activities. Participation in graduation exercises requires attendance at the scheduled graduation practice. Seventh semester graduates are not eligible for awards based on rank (i.e. Top 25, Top 10% awards, Valedictorian or Salutatorian honors) given at the end of the year. Sixth semester graduates will be ranked with their cohort (junior class) and are eligible for Top 10% awards but not Valedictorian or Salutatorian.

PERMANENT SCHOOL RECORDS (TRANSCRIPTS)

An academic record is kept on file in the Guidance Office for each student showing the final grade for each semester in every class taken while in high school. The total number of absences each year is recorded, along with the cumulative grade point at the end of each semester. These facts are utilized whenever recommendations are required by colleges or prospective employers.

STUDY HALL

Students are to bring books and/or study materials to all study halls. Students should conduct themselves in a manner appropriate to normal classroom time. Sleeping is not permitted in study hall.

STUDENT AIDES

Students scheduled as aides must have all "C's" or above. Any grade of "D" or "F" will result in the student being placed in study hall. Semester grades take precedence over those from a nine-week grading period.

HEALTH SERVICES

1. A student health facility is available for students who become ill or injured while at school and for help in management of ongoing health problems. A student Health Update card must be filled out and signed by the parent and on file in the clinic at the beginning of each school year.
2. To report to the clinic, a student must obtain a hall pass from the current teacher or the teacher whose class he/she is about to attend. Students are not to report to the clinic during passing periods unless prior arrangements have been made. The clinic may be visited during the student's lunch period.
3. Students will not be allowed to remain in the clinic for the entire period unless they have an elevated temperature or show obvious signs of illness. A student who spends the entire period in the clinic will be considered absent from class that period.
4. Students who need to go home due to illness will be allowed to do so, if picked up by parent or if written (fax or email) or verbal permission from the parent is received.
5. For more detailed information about student health, please refer to the Clinic Handbook online at the corporation website under Support Services; Health Services; Clinic.
6. Any student who has the following verified symptoms due to illness will be sent home from school:
 - A temperature of 100° F or greater

- Vomiting
- Diarrhea

Parents must provide the transportation home for the student. The student must remain free of fever/vomit/diarrhea for 24 hours before returning to school.

7. Injury/Illness – When a student returns to school following a fracture, severe injury, prolonged illness or medical procedure, parents must provide a doctor's note for any activity restrictions. The note should include specifications for the student's return to school including; the use of the elevator, extra time between classes, restricted attendance, assistance with books and any Physical Education class restrictions. The doctor note needs to also specify the beginning and ending date that the restrictions will apply.

ADMINISTERING MEDICINES TO STUDENTS

All medication must be kept in the clinic unless the medicine is prescribed for a life saving situation. Emergency medications such as inhalers or Epi-pens may be carried by the student if proper medical release forms are on file with the school nurse. A medicine prescribed by a medical doctor, a dentist, or other health care provider and all over the counter medications must be distributed in the clinic by the school nurse or a school employee authorized by the school principal. Paperwork for administration of medications must be on file at the beginning of the school year or at the start of the dispensing of said medication. A **physician's order** is required for long term (to be given longer than 10 days) prescription medications. It must be on file in the school clinic in order for the nurse to dispense the medicine.

Ibuprofen and Tylenol will be administered to students only if the Health Update card is on file with the school nurse.

Non FDA approved homeopathic treatments and dietary supplements will be given by the school nurse only with a physician's written authorization.

A student may not possess medication on school property during school hours except with the permission of the school nurse or the school principal. A student violating these rules will be subject to appropriate discipline. A student may not be suspended or expelled solely because the student possesses a common over-the-counter medication. This restriction does not apply to students allowed by applicable law to carry and self administer emergency medicine for chronic medical conditions.

At all grade levels, the parent/guardian should follow the school policy for sending medication to school with the child. The school should be notified that medication is being sent. All medications should be received at school in a sealed envelope and in its original prescription container.

The sealed envelope needs to contain the following information:

- ◆ Student's name
- ◆ Medication name & dosage
- ◆ Pill count
- ◆ Name and phone number of parent/guardian sending medication

Medication will **NOT** be given if the medication pill count does not coincide with the stated amount. The parent/guardian will be notified of this discrepancy.

COMMUNICATIONS

ANNOUNCEMENTS AND BULLETIN BOARD USE

All posters must have administrative approval before being displayed. Announcements are made daily and are available to students and staff. They are broadcast from the media distribution center and are posted on the electronic bulletin board. Activity announcements must carry the approval of the sponsor. They are also available on the school website: www.hse.k12.in.us/hhs.

EMERGENCY INFORMATION

When emergencies arise which necessitate the cancellation or delay of school, the school listserv, several radio stations, television stations, and the corporation website will carry the announcement. Based upon circumstances, the emergency alert system may be used to notify parents in an emergency situation.

PUBLICATIONS

The *Sceptre* and the *Orb* are the school publications produced by students with the assistance of a faculty adviser. Students should take the beginning journalism or photojournalism class in order to work on the staff of one of the publications.

SCHOOL VOLUNTEERS

Volunteers must have on file at the administration office their limited criminal history background checks. Forms for limited criminal history checks can be found in the main office. Volunteers are expected to comply with all rules and regulations set forth by Hamilton Southeastern Schools. The background check needs to be updated every 3 years.

VISITORS & GUESTS

The Board welcomes the active interest of parents and citizens in public schools and invites the community to visit at any time. However, since schools are a place of work and learning, certain limits must be set on visits to help provide for the safety of students and staff. The building principal is responsible for all persons in the building and on the grounds. For these reasons, the following policy applies to visitors to the school:

- Anyone who is not a regular staff member or student of the school will be termed a “visitor”
- Any visitor to the school must report to the main office, sign in, show proper identification, and obtain a visitor badge upon arrival at the school and sign out upon leaving the building
- Those who wish to observe a classroom while school is in session must arrange such visits in advance with the teacher, so that class disruption may be kept to a minimum
- Teachers are not expected to take class time to discuss individual matters with visitors
- Students are not permitted to have visitors in the cafeteria during lunch

WORK PERMITS

Indiana law requires all persons who are employed under age 18 to obtain a work permit. The employer gives the prospective employee an “Intent to Employ Card”. This card, along with a birth certificate in some cases, is taken to the main office where the work permit is created. Successive jobs require new forms. A student may have no more than two work permits at a time, as long as the total number of hours does not exceed 40 hours per week. Issuance of a work permit may be denied to a student whose attendance is not in good standing with the school or whose academic performance does not meet the school’s standards. A work permit may be revoked if, after issuance, there is a significant decrease in the student’s grade point average or attendance at school. A student may appeal the denial, revocation, or refusal to reissue a work permit to the school principal or designee.

EXTRACURRICULAR ACTIVITIES

PURPOSE

Social development and extracurricular activities of students are vital parts of the total educational program at HSE High School. Students who become involved in extracurricular activities find school more interesting, challenging and fulfilling. Some activities such as homecoming and the prom are designed strictly for fun. Others, such as athletics, the musical programs and theatrical productions, as well as academic contests, are intended to develop interest, talents, leadership, and organizational abilities.

EXTRACURRICULAR ACADEMIC STANDARDS POLICY

The School Board believes that the participation in extracurricular activities contributes substantially to the education of students, a sense of community in the school, and for some, a strong motivation to remain in school and earn a diploma in four years. Extracurricular activities should supplement and enhance the educational process and not become the primary focus of that process.

EXTRACURRICULAR ACADEMIC STANDARDS PROCEDURE

Students participating in extracurricular activities must comply with these procedures. Students must be passing 70 percent (five classes) of their subjects for the preceding grading period in order to be eligible to participate. Semester grades take precedence over those from a nine-week grading period. The coach or sponsor of the specific activity will be responsible for verifying eligibility as well as monitoring grades during the period of the sport/activity. A negative change of grades in any individual class will receive prompt attention by the coach or sponsor and additional academic assistance will be given when necessary. Demonstrated effort by the student to meet minimum standards will be taken into consideration in determining continued eligibility. Monitoring begins at the first determined grading period (including midterms or third week of school) that falls during the period of participation and continues at the midpoint between grading periods. Coaches/sponsors may establish a more frequent monitoring schedule that must be communicated to the student. That schedule will be approved by the school administration and reported to classroom teachers involved. In addition to the above, any student serving in or running for an elected

position who commits an illegal, immoral or offensive act on or off of school property, will not be able to serve as an elected official for 365 days from the date of the infraction.

STUDY TABLE GUIDELINES

Specific grades with accompanying action are as follows:

- ◆ If a student's current grade in any class is C or better, no action is taken
- ◆ If the student's current grade in any class is C-, the student's coach/sponsor will speak with the student about the student's need to improve academic performance
- ◆ If the student's current grade in any class is D+, the student's coach/sponsor will recommend that the student obtain help through options such as voluntary attendance at a study table, after school tutoring, peer assistance (Honor Society), or compensated tutoring
- ◆ If the student's current grade in any class is a D or below, the student must attend study tables, or other options identified above, twice a week. Verification of attendance will be required. Failure to take part in mandatory assistance will result in immediate ineligibility to participate in the extracurricular activity. An unforeseen absence from an assistance option will be considered on a case-by-case basis by the coach/sponsor
- ◆ If a student fails to attend three study tables, the student will not be able to participate in the activity or sport until the next grading period
- ◆ Study tables will meet on Tues. and Thurs. from 6:55 -7:25 A.M. & 3:05 – 3:30 P.M. at HSE High School
- ◆ Activities that require attendance at study tables will be determined and reviewed annually by the high school principal or designee

STUDENT ORGANIZATIONS/MEETINGS

DANCES

A student violating rules and regulations that apply to school dances will be subject to appropriate discipline. It is understood that obscene dancing, as determined by staff, will result in the removal of the offending person(s) from the dance. The following are guidelines set up for the safety of students and to help with the planning of such events:

2. Guests of HSE HS students must be current high school students, high school graduates, or equivalent.

5. Students and guests shall bring a picture ID with them to the function.
6. Students shall have the proper paper work filled out for a guest before the purchase of tickets.
7. Students will not be admitted to the dance without their ticket.
8. Prom tickets may be purchased by current juniors, seniors, and seven semester graduates.
9. Security will be provided at all dances.

SCHOOL POLICIES

The following policies are board approved and are expected to be followed by all students:

ATTENDANCE

PHILOSOPHY

The primary responsibility for school attendance rests with the parents and student. The school will assist the parents and student in this responsibility. The cooperation of the student, parents, and school is essential in providing a firm framework for the student to achieve the fundamental foundation of regular attendance.

DEPARTURE FROM CAMPUS

HSE High School operates as a **closed campus**; therefore, students are not to leave the building during school hours without the consent of the administration.

ABSENCE FROM SCHOOL

1. Reporting Absences -Attendance Line-594-4195

- Parents are expected to call the HSE High School attendance office (**594-4195**) to report their student's absence on the same day as the absence and state the reason the student is not in attendance. There is a 24-hour voice mailbox available at this number.
- If the parent is unable to call, a note or FAX (594-4199) is acceptable if a signature card is on file at the high school. **Please do not fax early dismissal requests.**
- **It is helpful for the school nurse to know the nature of illnesses in his/her school to identify symptoms of others seen in the clinic. A doctor's permission to return to school may be required dependent upon the length and type of illness your child is experiencing. Medical documentation is strongly encouraged any time a student misses school due to a doctor's appointment.**
- If the attendance office does not receive a call, note, or FAX within two school days, the absence will be considered unexcused.
- Please make early dismissal calls by 9:00 a.m. to enable the staff to facilitate your request.
- If a student is receiving ongoing therapy or outpatient services, one-time documentation from the providing facility stating the beginning date, time each day, number of days a week and ending date should be sent to the attendance office at the **beginning** of the treatment.
- Only **legally emancipated** students are allowed to call in and verify their own absences. These are students who receive no financial support from parents and who are not claimed as tax deductions by either parent, do not live with parents, and have filed emancipation papers with the school.

2. Limit on Absences

A student may not be absent from school for more than eight days each semester **and not more than 16 days per school year.** Both excused and unexcused absences count toward this maximum of eight days. After the eighth absence, the school will notify and, if necessary, hold a conference with the student and parent to determine whether the student should be permitted to stay in school. Continuation of school attendance after the eighth absence may be subject to the student complying with conditions (e.g. a doctor's note may be required) regarding any additional absences.

3. Excused Absences include absence from school for the following reasons:

- **Personal illness or injury**
Any student who is absent from school for five consecutive days due to illness must present a doctor's statement verifying that it is appropriate for the student to return to school. The school reserves the right to require a doctor's statement from students who are absent as indicated by the nature of the illness, such as communicable disease.
- **Verified automobile accident**
- **Verified court appearances**
- **Death in the immediate family**
- **Religious observances**
If attendance is requested in writing by the student's religious leader, as described: The School Board desires to cooperate with those parents who wish to provide for religious instruction for their children but also recognize its responsibility to enforce the attendance requirements of the State. Upon the signed request of a student's parent, building principals will allow exception to the student's continuous attendance at school for religious instruction outside the school building by an authorized church or religious organization for no more than 120 minutes per week. A student must be properly registered and a copy of such registration must be filed with the principal. The time for release instruction or education may be arranged by the principal.

The principal will also assume the appropriate continuance of the instructional program in the public school during such release times. No solicitation for attendance at religious instruction will be permitted on corporation premises. No staff member shall encourage or discourage participation in any religious instructional program.

- **Approved assignment at an election poll or approved service as a legislative page**
A student participating as a legislative page shall have a parent/guardian prearrange the absence from school at least 2 days in advance. The student must bring back a form signed by the legislature that the paged for when they return to school. Students, who anticipate working the polls on Election Day, must make sure their parent/guardian has notified the high school attendance office. The student must also pick up the appropriate form in the attendance office prior to leaving the building. This form must be signed by a person representing the Hamilton County Registrar or by the candidate for whom the student is working. Any student not working the poll for the entire day must report back to school. Failure to do so will be considered unexcused. Students having questions concerning this procedure should see their dean.
 - **College visitation**
A student may visit a college where he/she is considering enrollment during a school day if it is pre-arranged with the Attendance office. **The parent must call the Attendance secretary by 9:00 a.m. two school days prior to the visit.** A college visitation form must be picked up at the Attendance Office prior to the visit. Underclassmen will be allowed one day for a college visitation. This one day will not count against accumulated absences. Should a student make more than one visitation, other days will count as excused absences unless the student has exceeded the 8-day absence limit or will exceed it with this absence. The regulations also apply to appointments made by coaches for athletes attempting to make college teams. Students with senior standing will be allowed two college visit days which do not count as absences. Should a student make more than the allowed visitation(s), these days will be counted as excused absences. College visitation days will not be approved for the month of May. College visitation forms must be signed by a representative of the college and returned to the Attendance office. Failure to follow the above procedure will result in an unexcused absence.
 - **Medical appointments**
Medical appointments should be scheduled before or after school to minimize the amount of school missed. Only one-half day of excused absence will be allowed for a medical appointment without prior arrangement. Medical appointments should not be scheduled during semester exams.
Field trips
Field trips are scheduled by teachers, with principal's permission, to broaden the experience of the curriculum. Students will be excused to go on field trips with written parent/guardian permission and a completed field trip form. Both of these must be completed no later than the day before the trip. Teachers should indicate on the field trip form if the absence will jeopardize the student's grade. Students are responsible for all work missed while on a field trip and should have the work completed upon their return to class, or as directed by the teacher. A sponsor may also refuse to take a student on a field trip if the sponsor believes the student is irresponsible or the trip may be hazardous to the student. Under no circumstance are students to drive on field trips.
 - **Family member in the military**
Students of parents serving in active duty of the military shall have additional excused absences at the discretion of the school principal or designee for visitations relative to leave or deployment.
- 4. Make-up Work for Excused Absences– It is the student's responsibility to arrange make-up work with each teacher**
- For each day of an absence, the student has one day in which to complete the make-up (e.g., a student has three days to make up work for a three-day absence). Exceptions can be made at the discretion of the teacher to give students extended time if needed. Generally speaking, teachers will announce major exams at least two days in advance. Therefore, if a student is absent the day before the exam and returns the day of the exam, the student will take the exam. The same would apply to an assignment given days in advance.
 - Exams and assignments may not be returned until all make-ups have been completed. Students will see their exams and be informed of their scores, but the teacher may retain the exam or assignment.

- Homework may be requested when a student will miss three days or more. The request must be made prior to **9 a.m.** in order to receive assignments by the end of the day.
5. **Activity Participation after Absence**
A student may not participate in extra curricular activities, practices, employment, or after-school functions unless the student attends the last four periods of that school day. Students absent all day, due to illness, may not attend an extracurricular activity that day. If extenuating school or family circumstances result in a student's failure to be present the required four completed periods, an exception can be made. Reasons may include: HSE HS approved college visit, HSE HS field trips, medical emergency, and funeral.
 6. **Homebound Instruction**
The homebound program provides instruction to students unable to attend school because of physical handicaps or special health problems. For a student to be eligible for this program, the parent needs to provide the school with a physician's written evaluation indicating that the student will be homebound for at least four consecutive weeks. If this type of situation should occur, the student's parent/guardian should contact a guidance counselor.
 7. **Unexcused Absences**
Any absence from school or class not included as an excused absence is considered an unexcused absence.
 8. **Consequences for Unexcused Absence**
Students are expected to make up missed work. Make up work which includes late work, quizzes, projects, daily assignments, etc. will be graded in a fair and reasonable manner in accordance with the teacher's classroom rules. Such consequences will be communicated by the teacher in writing to students in each class at the beginning of each semester. Unexcused absences may also warrant other disciplinary action, such as detention, suspension or expulsion, and may result in action taken under the compulsory school attendance laws (**I.C. 20-33-2**).
 9. **Unexcused Absences from Class**
Students in attendance at school are expected to attend their scheduled classes unless excused by the teacher or administration. A total of five unexcused absences from a class may cause a student to be removed from the class and lose credit. Parents will be notified before a student reaches the point of being removed from class.
 10. **Tardy/Absence**
 - **Tardy to first period**
When a student arrives at school after the tardy bell, he/she should report directly to the attendance office. If a student arrives within the first 15 minutes of class, he/she will be counted as tardy. A student more than 15 minutes tardy will be assigned an unexcused absence from class unless excused by administration or parent.
 - **Tardy to periods 2 through 7**
Students arriving more than five minutes tardy to class will be assessed an unexcused absence from class unless the student presents an excused pass. Students must be inside the classroom before the bell rings.
 - **Penalty for Tardy to Class**
 1. On the third tardy to a class, the student will receive a one hour detention and parents will be notified.
 2. On the fourth tardy to a class, the student will receive a two hour detention and parents will be notified.
 3. On the fifth tardy to a class, the student will receive a three hour Friday detention and parents will be notified.
 4. On the sixth tardy to a class OR 7th cumulative tardy, the student will be considered insubordinate (see insubordination category of discipline chart) and parents will be notified.
- Passing periods and after school hours**
Students are expected to move purposely between classes. All students are to leave the building at the 2:55 bell unless attending an after school function.
11. **Vocational School Attendance**
Juniors and seniors can arrange with the counselors to attend our vocational and technical programs housed at J. Everett Light Career Center. Students who enroll must remain throughout the school year. If a student is suspended, expelled, or withdraws, his/her status also applies to his/her enrollment status at HSE High School. A student with excessive absences to JELCC may, after being warned of and counseled about the problem, be withdrawn from JELCC courses and

placed in courses at HSE High School. Such placement would only occur at the start of a semester.

Vacation periods for HSE High School and the vocational schools do not always coincide. A student is required to attend the vocational school even if HSE High School is on vacation and to attend HSE High School even if the vocational school is dismissed.

The following rules apply:

- Career Center students must enroll in three classes at HSE High School.
- Career Center students are responsible for being aware of altered schedules at HSE High School. When the schedule changes, the priority is to attend HSE High School classes.
- Vocational School Attendance – Late-Start Days
There are several times during the school year in which HSE High School will be on a partial day schedule. It is the student's responsibility to attend all classes at HSE High School. A student may be dismissed to attend JELCC only with prior approval of the guidance counselor assigned to JELCC students

12. Final Exam Exemption Policy

The exam exemption policy was developed as a reward for outstanding attendance and academic excellence. We understand that there are personal circumstances that may arise which cause a student to exceed the allowed number of absences; it is the student's responsibility to understand that this policy was established as a reward not as a right.

- **Freshmen, Sophomores, and Juniors** will not be exempt from any final exam. **Seniors** may qualify for two exam exemptions. Students may exempt an exam in a class only one time per year. (i.e. A student may exempt a Spanish II examination first semester only or second semester only; not both semesters.)
- All exams in grade weighted courses must be taken. However, if a student is enrolled in an AP course, the student may exempt the final exam in that course IF the student takes the AP test; these exempted tests count toward the maximum allowable two total exemptions and the student must meet the criteria specified below. Students are not allowed to exempt Fall semester AP course final exams since the AP tests are administered in the Spring semester.
- Students may qualify for final exam exemption by meeting the following requirements:
 1. The student must not have any unexcused absences in ANY CLASSES which includes in-school and out-of-school suspensions
 2. A student with an "A" (93% and above) average for the semester grade may have at most two absences in the class(es) chosen and at most 14 total absences in all classes
 3. A student with at least a "B" (83%-92%) average for the semester grade may have at most one absence in the class(es) chosen and at most seven total absences in all classes
 4. If the student exceeds the number of absences after the filing deadline, he/she will not be exempt from that exam and may not choose another exam (Excused absences on exam days do not count in this category)
 5. Excused HSE trips per Administration approval (i.e. Camp Tecumseh, Leadership Retreat, Nursing 2000)
 6. The student is allowed to be tardy a maximum of two times per semester in the class(es) chosen for the exemption
 7. Grades will be determined three school days prior to the beginning of the final exam schedule. The grade at that time will not necessarily be the student's final grade
 8. Any student requesting exemption from a final exam must have the completed form submitted to the main office by the advertised deadline. Students will be informed of the deadline at the time exemption forms are made available and the deadline will be included on the form
- Absences for attending the funeral of a member of the immediate family will be waived for exam exemption purposes. The number of days allowed will be administratively approved according to individual circumstances.
- This policy will be reviewed annually.

13. Truancy

Students who miss school under the following circumstances will be considered truant:

- The willful non-attendance of a student from school without parent/guardian/custodial permission and school authority's permission.
- All class periods of truancy are considered unexcused. Repeated occurrences of truancy during the course of the school year will result in the student being identified as a "habitual truant." A student will be considered a "habitual truant" on the third occurrence of truancy. A juvenile truancy report will be filed with the prosecutor's office and an Invalidation Form will be filed with the Bureau of Motor Vehicles.
- Habitual tardiness may be considered truancy.

14. Attending Class Equals Success (ACES) Program

ACES is a proactive program sponsored by the Hamilton County Prosecutor's Office. Its purpose is to promote good school attendance by enforcing the legal obligations of compulsory school attendance noted in Indiana Law. Students may be referred by HSE Schools to the ***Hamilton County Deputy Prosecutor for the Town of Fishers*** for participation in the program for being truant from school or having unexcused absences. **Students with absences without a doctor's note that exceed 8 days per semester or 16 days per school year are considered unexcused and may also result in a referral to the ACES program.**

EMERGENCY DRILL POLICIES

1. Fire and tornado drills will be conducted periodically throughout the year. These drills are to acquaint students with quick, orderly movement to positions of safety in the event an actual emergency should exist.
2. Fire drills are noted by a continuous ringing of the bell system. Tornado alerts are conducted upon the intermittent sounding of the same bell system.
3. As mandated by the state, students will be instructed in appropriate safety measures to be taken in earthquake or other emergency situations.

DISCIPLINE

Students are expected to conduct themselves at all times in a manner that will contribute to the best interest of the school and not infringe upon the rights of others; education cannot take place unless there is an atmosphere of order and discipline. Students are expected to behave appropriately during all school activities or functions (on or off school property) or while traveling to or from school or a school activity. The school administration can use any form of reasonable discipline including time-out, detentions, Community Service, In School Suspension, Out of School Suspensions, and Expulsions; the unique circumstances of each individual's case will be considered before a decision regarding appropriate consequences is made (HSE administration will not employ corporal punishment).

Section 1: Detentions (D)

Detentions are assignments to supervised study areas before or after school hours. They serve as consequences for minor school infractions. A detention may be from 15 minutes to three hours in length at the discretion of school officials. Students are responsible for their own transportation. Students will be given at least one day to make these arrangements. Detention times assigned by teachers or administrators will be served in an assigned room. Students assigned to the detention room will be expected to be there at 3:05 p.m. to serve the detention. Failure to successfully complete an assigned one hour or two hour detention will result in a Friday detention. Failure to successfully serve a Friday detention will result in two days OSS. Arriving late to detention will not be allowed and will count the same as if the student skipped detention. There will be no talking or sleeping. Students must bring and work with appropriate school materials. Failure to comply with any detention room policies will result in dismissal from detention and stronger disciplinary action. In the case of a school closing or cancellation, the detention will be rescheduled through the Dean's office. Any other arrangement must be made with the staff member who originally assigned the detention.

Section 2: In-School Suspension (ISS)

In an effort to keep students in the school learning environment, HSE High School incorporates an In-School Suspension program for certain rule violations. A student may be placed in ISS for one to three days. Students assigned to the ISS program:

1. Must report at the beginning of the school day (7:33 am) to the Dean's office.
2. Will be responsible to collect assignments and bring all materials and books needed.
3. Are excluded from participation in any extracurricular activity during the suspension period. Students who are placed in ISS and choose to break the ISS rules will be dismissed from the program. This removal may result in an automatic multiple-day suspension from school.
4. An ISS placement counts as a suspension in reference to the habitual offender policy.

Section 3: Community Service

HSE High School may offer the opportunity for students to participate in a community service program in lieu of serving an in or out of school suspension. The parent/guardian must agree and sign a community service contract for the student to qualify for participation in the program. For each day of suspension the student will complete four hours of community service. The student will have one week to complete each four hours of community service. Unsuccessful completion of community service will result in out-of-school suspension and placement in the OSS program. This will also result in disqualification from the community service program for the remainder of the school year. Participation in the community service program will count as a suspension in reference to the habitual offender policy.

Section 4: Friday Detention (FD)

At the discretion of the school administration an assignment of Friday detention may be given in lieu of an In-School Suspension, suspension or any other disciplinary action. Students assigned to Friday detention are to report to the designated area so that they can be given an assigned seat by 3:05 p.m. Students arriving late will not be admitted to Friday detention.

Friday detention sessions will be held in a designated area and students will not be allowed access to any other area of the building. Dismissal for students will be at 6:05 p.m. Failure to report on time, violation of Friday detention regulations, or other inappropriate behavior that results in the failure to successfully complete Friday detention may result in out of school suspension. Absences not verified by a physician will not be accepted. Other emergency situations (to be determined by the school administration), which could cause absence from Friday detention, must be taken care of by 2:55 p.m. the preceding day. The following regulations will be observed:

1. Students are responsible for having appropriate materials for studying during the detention. There will be no excuse for not having enough materials to keep the student occupied. Students are responsible for bringing their school books, notebooks, student handbook, pen or pencil, etc. Students will not be able to go to their lockers during Friday detention.
2. Students may be required to complete work that will be assigned by the Friday detention personnel. This work may include items such as: essays on a variety of topics, short answer questions pertaining to rules and regulations of the school corporation, and an open book quiz over the student handbook. There may also be some other form of work developed as the program continues to improve its standards.
3. Students will not receive more than three Friday evening detention assignments in a semester. On the third Friday evening detention assignment the student will be notified that they will not be assigned any more Friday evening detentions in that semester. If future behaviors should warrant the assignment of Friday evening detention the result will be some form of school suspension.
4. If a session of Friday detention is canceled, because of inclement weather or anticipated inclement weather then the student is expected to attend the next regularly scheduled Friday detention session.
5. The last Saturday of the month may be scheduled as a possible detention time.

Section 5: Suspension/Expulsion

1. A student may be suspended or expelled from school for misconduct, substantial disobedience, or unlawful activity. (I.C. 20-33-8-14(a)) Types of activities which may result in suspension or expulsion include, but are not limited to: disobedience of school authorities; fighting; use of profanity; abusive, rude or disrespectful language; gambling, theft, and habitual misconduct; vicious, immoral or illegal conduct; persistent violation of school rules; continuous and willful refusal to accomplish reasonable school tasks within the student's capability; truancy; forged passes; vandalism; possession, consumption, sale or use of alcoholic beverages, intoxicants, or controlled substances (or look alike substances); hazardous or unauthorized use of vehicle; possessing firearms or other weapons (I.C. 20-33-8-16(d)) (I.C. 20-33-8-16(f)); any activity that may reasonably be considered an interference with school purposes or an educational function.
2. State Law now allows the principal to suspend a student for a maximum of up to 10 days at any one time. The School Board has adopted a policy which authorizes administrative personnel to be allowed to use this option. The length of suspension will be determined by school authorities and

will reflect the offense. Parents or guardians will have custody and responsibility for the student while under suspension. A suspended student may not appear on school property or attend a school sponsored activity.

3. Any of the reasons for suspension can result in a request for expulsion. An expulsion is the denial of school attendance for more than 10 days and may be for up to two semesters. It can only be imposed by the superintendent of schools upon the recommendation of the principal.
4. The "Due Process and Pupil Discipline" law in the Indiana Code is a process of dealing with students who exhibit behaviors that interfere with the normal school process. It is a protection for both the student and the school. The Board endorses these procedures and feels that they are a fair and equitable means of dealing with problems of a severe nature. (I.C. 20-33-8)
5. In addition to items listed above, a student may be suspended or expelled for engaging in an unlawful activity on or off school grounds, if the unlawful activity may reasonably be considered to be an interference with school purposes or an educational function or the student's removal is necessary to restore order and to protect persons or school property. (I.C. 20-33-8-15) This includes any unlawful activity meeting the above criteria which take place during weekends, evenings, holidays, other school breaks, and the summer period when a student may not be attending classes or other school functions. The discipline imposed by the school on the student for such activity would be in addition to any other consequences that may arise as a result of police investigation. (I.C. 20-33-8-14(b))
6. In those situations where the student has committed acts that qualify for suspension, the Board has adopted a policy assigning the student to the O.S.S. Program as an alternative to the standard suspension procedure. The O.S.S. program is a project of the Hamilton County Prosecutor's Office which is supervised by Hamilton Centers Youth Service Bureau, Inc. (HCYSB). On all suspensions three days or longer and all second suspensions during a school year, the policy may be implemented. The policy reads: "Students suspended from school are to report to Hamilton County Circuit Court at 8:00 a.m. on an initial day of suspension, and from there to complete school work at a location designated by the Court. Each day of the suspension thereafter shall be served at that designated location, to be supervised by personnel from Hamilton Centers Youth Service Bureau. Students under 18 years of age are required to be accompanied by a parent or guardian who shall provide transportation. Students are required to provide their own books and materials necessary to complete daily school assignments and will remain under the supervision of HCYSB personnel until they are released at 3:00 p.m. on each day of suspension. The student receives credit for work completed during the period of the suspension. The amount of credit to be given is determined by the school officials sending the student. The student shall be released to the parent, guardian or custodian of the student. Failure to comply or satisfactorily complete this alternative program may result in further consequences, including a multiple day out-of-school suspension.

Section 6: Probation of Students

Any student who has been involved in an infraction of school rules may be placed on behavioral probation by the school principal or his/her designee, in addition to, or in lieu of, other disciplinary action. Probation will be for a definite time period during which critical examination and evaluation of the student's progress should take place. During the probation period, the student may be denied the privilege of participation in or attendance at all extracurricular activities. If the student is further involved in an infraction of school rules during the probationary period, he/she will be subject to whatever disciplinary action is set forth in the probationary agreement. The parent/guardian will be notified by the principal, or his/her designee, that the student is being placed on behavioral probation, including the length of the period, the terms of the probation, and the possible consequences of suspension/expulsion if the student is found in further violation of school rules during probation. (I.C. 20-33-8-7).

Section 7: Electronic Devices

All electronic devices are to be turned off and put away during instructional times or at the request of school personnel. During the school day, a student has the privilege to use these devices during his or her assigned lunch period or passing period. Teacher discretion may be used to permit the use of electronic devices in the classroom. **If school personnel have reasonable suspicion to believe a student has used an electronic device to violate a school rule or interfere with school purpose, that device may be confiscated and subject to reasonable search. All parts of the item(s) will be confiscated which includes batteries and memory cards. Confiscated items (when released by school officials) must be picked up by parent or guardian.**

***The school is not responsible for any lost or stolen items.**

Section 8: Classroom Rules

Student behavior will be governed by the classroom teachers' regulations. Individual classroom rules are given to all students by the classroom teacher at the beginning of the school year (or new semester, if appropriate.) It is the student's responsibility to read the rules and to conduct himself/herself accordingly.

Section 9: Cheating/Plagiarism

Cheating of any kind is considered a serious offense by the faculty and staff of HSE High School. Any student caught cheating for the first time will lose all credit for that assignment and parents will be notified by the teacher and student will be visited/warned by the Dean. A student caught cheating for a second time, in the same class, will have their parents notified by the teacher, will be seen by the Dean and will be withdrawn from that class with grade penalty.

Section 10: Turnitin.com

Building policy requires ALL major papers be submitted to a turnitin.com dropbox in ANGEL. This electronic review service assists the instructor in identifying originality of thought. It is possible an instructor will require additional assignments (journal entries, drafts, creative writing, etc) be submitted to a turnitin.com dropbox at his or her discretion. Instruction on how to use the turnitin.com dropboxes in ANGEL has been made accessible to all students, and students should understand it is their responsibility to ask their individual instructor any questions that may arise with the use of this service.

Section 11: Student Dress

The appearance and dress of any student is the primary responsibility of both the student and the parent. HSE High School students are expected to maintain an appearance that is appropriate for school and conducive to the educational atmosphere. Whenever a school official considers a student's appearance to be inappropriate, immodest, or distracting to the educational environment, a conference will be held and the student will be asked to make the necessary accommodations.

The following are examples of clothing or items that are considered to be **inappropriate**:

- Clothing and/or any adornment displaying messages not appropriate for school. Examples would be messages containing profanity, sexual innuendo, and references to drugs, alcoholic beverages or tobacco products
- Clothing revealing bare midriffs, shirts and tops must be "tuckable"
- Sleeveless shirts and blouses
- Clothing which reveals undergarments or the lack of undergarments
- Gloves
- Hats or headwear. Hats are not be carried or displayed.
- Heavy and/or long coats
- House slippers
- "Sagging" pants or shorts worn more than two inches below the hips or navel
- Shorts, skirts, and dresses need to be of an appropriate length. A good guide to use is the length of the fingers as the arm hangs down the side
- Strapless, spaghetti strap, or tank tops
- Studded or spiked items, chains, or any item that might cause a concern for student safety
- No blankets or pillows are permitted

Students who violate the dress code will face disciplinary action.

Section 12: Student Parking & Driving

Application for parking lot facilities and driving privileges may be made by any student who finds it necessary to drive to and from school. All vehicles must be registered and have parking tags displayed. The privilege of driving on school property and the use of parking lot facilities will be withdrawn whenever a driver operates his/her car in a manner that is illegal and/or threatens the welfare of people and/or property. This includes violations while driving to and from school. The following regulations apply to all drivers and passengers. Failure to abide by these regulations will result in the withdrawal of driving and parking privileges on school property. Students who lose vehicle registration tags will be charged for a replacement.

1. All vehicles and operators must be properly licensed.
2. Cars that are driven on a regular basis must be registered at the Dean's office during the first or second week of school. The school permit should be hung from the rear view mirror. If more than one car is driven on a frequent basis, a registration form should be completed for each car.

3. Students must bring all items for the entire day from their car. Access to vehicles is not permitted during the day. An administrator must approve any exception in writing. Students are to enter the building upon arriving at school.
4. Loitering in or near cars while on school property is prohibited. Drivers will not make their cars available to other people for purposes of loitering.
5. Cars should be parked in designated parking areas, (within the designated space), upon arrival at school and should remain there until the driver's dismissal time.
6. When the school buses begin to leave the school at dismissal time, all traffic will stop and buses will be given the right-of-way.
7. The school does not carry insurance which covers students' automobiles. The school cannot assume liability for damage and/or theft.
8. The speed limit on school grounds is **15 MPH**.
9. The privilege of bringing a student-operated motor vehicle onto school premises is hereby **CONDITIONED** on **WRITTEN CONSENT** by the student driver, the owner of the motor vehicle and the parent or guardian of the student to allow search of that motor vehicle when there is reasonable suspicion for a search of that motor vehicle. Refusal by a student, parent or guardian, or the motor vehicle owner to provide or allow access to a motor vehicle on school premises at the time of a request to search the motor vehicle, shall be cause for termination, without further hearing of the privilege of bringing a motor vehicle onto school premises. The principal or a member of the administrative staff may request that a law enforcement officer search a motor vehicle on school premises. The school will conduct routine inspections of student parking lots and of the exterior of student vehicles on school property. The interior of a student's vehicle may be inspected with or without the student's consent any time a school authority has reasonable grounds to initiate such search.
10. Any prohibited item found in a student's car is subject to the same consequences as student possession within the building.
11. Automobile mechanical problems are not an excuse for tardiness or absence from school.
12. Driving privileges may be denied as a disciplinary measure when deemed appropriate by school officials.
13. Any student who wishes to drive to or from school or school related events must consent to participate in the HSE High School Student Driver Drug and Alcohol Random Testing Program. Any student who refuses will not be permitted to drive. Student drivers will be subjected to a random chemical test to determine if the student has consumed or is under the influence of alcohol and/or other illegal drugs and substances as defined by Indiana law.

Section 13: Drug Education & Random Screening Policy

Random Drug Testing of Athletes

When a student makes an attempt to be on an athletic team at HSE High School they have declared themselves an athlete for that school year. Attempting to be on a team includes going through a tryout or attending a practice. Any student involved with HSE High School athletics must have a "Random Drug Testing Form" completed, signed by the athlete and parent and/or guardian, and be on file in the Athletic Director's Office. If an athlete is 18 years old they do not have to have a parent signature. When a student declares themselves an athlete their name will go into the drug testing pool for the random testing. Their name will remain in the testing pool until the end of the school year.

Student Athlete & Student Driver Drug & Alcohol Random Testing Policy

Purpose

1. A student athlete who has consumed alcohol or uses illegal drugs presents a real and substantial danger to his/her own health. Drugs or alcohol may mask the pain that an athlete may feel, thus causing the athlete to overexert his/her body. Drugs or alcohol may reduce one's motor coordination, or alter one's mood to the degree that participation in student athletics is unsafe for the individual athlete as well as those around them. Athletics and its related activities are an important aspect of life at HSE High School yet safety must take precedence.
2. Many students choose to drive to and from school and school related activities. Driving can be a hazardous activity and a driver who consumes alcohol or uses illegal drugs is more likely to be involved in an accident or mishap than a driver who does not. HSE High School has a responsibility to its student athletes and student drivers to make efforts to ensure that they are drug and alcohol free and engage in their respective activities in a safe and responsible manner. Because illegal drug or alcohol use does not always manifest itself in observable ways, HSE High School has instituted this policy of random testing for student athletes and student drivers. The purpose of this policy is to protect student athletes and drivers and those around them.

Policy

Any student who wishes to participate in athletics or drive to or from school or school related events must consent to participate in the HSE High School Student Athlete and Student Driver Drug and Alcohol Random Testing Program. Any student who refuses will not be permitted to participate in such activities. Student athletes and drivers will be subjected to a random chemical test to determine if the student has consumed or is under the influence of alcohol and/or other illegal drugs and substances as defined by Indiana law.

Test Procedures

The school administration will implement a procedure for the method of random selection of students involved in the program as well as procedures to be used in the collection and testing of samples.

Consequences of Positive Test Result

A student who tests positive for drug and/or alcohol use will be subject to the following:

1. **First Offense**

The student will be allowed to select one of the following two options:

- Immediate suspension of driving privileges for a period of six weeks. Additionally, athletic consequences will be implemented in accordance with the **HSE HS Athletic Rules and Penalties** outlined on page 71 (Type "A" Offenses 1st occurrence). During this six week period the student must complete, at the student's expense, a drug education program approved by the school administration. The student shall also be subject to additional unscheduled drug tests. If a student selects this option and fails to complete the approved education within the specified time frame or fails a drug test during the six week period then the second option shall be imposed.
- The student will be immediately suspended from all athletic activities for a period of one calendar year. The student will not be permitted to drive to or from school or school related activities for a period of one calendar year.

2. **Second Offense**

If the student fails a second random test during his/her high school career, then Option Two shall be imposed.

3. **Third Offense**

If a student fails a third random test during his/her high school career that student will permanently forfeit all athletic and driving privileges for the remainder of his/her high school career.

4. **Refusal**

A student who refuses to submit to a chemical test when required to do so shall be subject to suspension from athletic privileges for a period of one calendar year. The student will lose all driving privileges for a period of one calendar year. If the student is unable to complete the chemical test, the student shall be required to return to the testing location within two hours to provide the required specimen. If the student is still unable to complete the chemical test he/she shall be deemed as having refused to take the random drug test.

Altered Chemical Test

Any chemical test determined to be altered in any way may result in the same penalty as Refusal (see #4 above).

Parental Notification

If a student tests positive for drug and/or alcohol use the student and his/her parents will be notified in a timely manner.

Legitimate Explanation

Within 24 hours of being informed of a positive test result, the student may present evidence to the test administrator that the positive test result was caused by the legitimate use of a prescription or non-prescription drug or an activity other than illegal drug or alcohol use. The test administrator shall determine whether such reasons would reasonably explain the positive test result. If the test administrator determines the results to have been caused by a legitimate activity, then the test results will be disregarded and any record of the positive result shall be expunged.

Independent Analysis

A student who receives a positive result will be permitted to retain an appropriately licensed laboratory to conduct an independent chemical analysis. This will be at the student's expense. If such a request is made, the laboratory used by the school will forward the chemical specimen directly to the laboratory of the student's choice. The student will be charged for the storage, handling and mailing of the chemical sample. The student will not be permitted access to the sample until it has been tested by the independent laboratory. If it is found that the student had access to the sample prior to it being tested by the independent laboratory then any result from that laboratory will be disregarded. The laboratory of the student's choice shall employ the current and most accurate methods for detection of the drugs previously found to be in the specimen. If the laboratory records a negative result, the student's record will reflect that result and the

suspension imposed will be revoked. Any results obtained by the laboratory of the student's choice must be in the possession of the school within seven days of the initial test results or they shall be disregarded. No employee, officer, or agent of the laboratory selected by the student shall in any way be associated with the student or any member of the student's family. If such an association exists then any negative test results from that laboratory shall be disregarded.

Voluntary Drug Testing

Parents have the right to voluntarily enter their student into the random drug testing program. The student and parent will sign a form indicating they approve of the following conditions if their student has a positive drug test. The student must complete, at the student's expense, a drug education program approved by the administration. The student must provide to school officials documentation of successful completion of the program. Failure to comply will result in the student being removed from the random drug testing.

Section 14: Learner's Permit or Driver's License Denial/Revocation

Any student identified as a habitual truant, who is suspended from school for a second time during the school year, who withdraws from school for reasons other than financial hardships, or who is expelled from school will face the following consequences with the Indiana Bureau of Motor Vehicles:

1. Any student identified as habitually truant will be denied a learner's permit or driver's license until the age of 18. The Principal, Assistant Principal, Guidance Counselor, or Dean will conduct an annual review of the student's attendance record in order to determine whether attendance has improved to the degree that the student may become eligible to be issued a license or permit.
2. Any student withdrawing from school or quitting school for a reason other than financial hardship will be denied a driver's license or learner's permit until age 18. Financial hardship status will be determined at the exit interview.
3. Any student suspended from school for a second time during the same school year will be denied a permit or license for 120 days or have the same revoked for 120 days.
4. Any student expelled from school will be denied a permit or license (or have same revoked) for 120 days or until the end of the semester during which they return to school whichever is longer.

Section 15: Emergency Drill Regulations

A student who deliberately sets a false alarm or telephones a false emergency will be subject to disciplinary action and may be subject to prosecution.

Section 16: Display of Affection

The display of affection, such as kissing, petting, and inappropriate body movements and actions, is not acceptable for school or school activities. Conferences will be held with persons unable to govern themselves appropriately, and suspensions can be applied to persistent violators.

Section 17: Bullying

Bullying by one student against another student is prohibited and is a violation of the school's student code of conduct. "Bullying" or "Cyber Bullying" is defined as overt, repeated acts or gestures, including verbal or written communications transmitted; physical acts committed; or any other behaviors committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the other student. ATHLETICS

Section 1: Philosophy

HSE High School expects its student-athletes to have such attributes as dedication, self-sacrifice, and the sincere desire to be the best athletes possible, 365 days of the year. Student athletes should have pride, show character, and build tradition. All of those involved with any part of the athletic program should conduct themselves in a manner which sets an example for the younger people in our community. They should have a thorough understanding of the rules, regulations, requirements, and standards which make up our athletic program. Participation in athletics is a privilege. The responsibilities of the student-athletes are greater than those of other students.

Section 2: General Policies

Absence from School

Any athlete must attend the last four full periods of the regular school day to participate in practice, athletic contests, or attend an awards program scheduled for that day. If extenuating school or family circumstance result in a student's failure to be present the required four complete periods, an exception can be made.

Reasons that would be considered would include: HSE HS approved college visitations, HSE HS field trips, medical emergencies, and funerals. If an athlete is suspended from school for any reason including full days of in school suspension, he/she is not eligible to participate during that suspension. Additionally, upon return to school, an athletic suspension may be imposed.

Age

A student cannot be 20 years of age prior or on the scheduled date of the IHSAA State Finals in their particular sport.

Amateurism

The athlete cannot have: participated under an assumed name; accepted money or merchandise directly, or indirectly for athletic participation; accepted awards gifts, or honors from colleges or their alumni; signed a professional contract.

Athlete Defined

A student is considered an athlete for one year (365 days) from the time he/she becomes a member of a HSE High School athletic team. Each time an athlete becomes a member of a HSE HS team, they are

declaring their intentions of being an athlete for another full year. When a student is considered to be an athlete, he/she will be held accountable for the rules, guidelines, and policies of this handbook. Consequences for violating club/ academic team rules do not take the place of athletic consequences for teams sanctioned by the IHSAA.

Attendance at Awards Programs

The award program is an extension of the athletic season and all athletes are expected to attend. The Head Coach is the only person who may excuse an athlete from the program. Failure to attend without an excused absence may result in forfeiture of the athlete's award(s).

Awards and Gifts

The athlete must not accept commercial awards which advertise any business firm or individuals, or awards designating "All-State" or "All American."

Change of Schools

An athletic transfer from his/her prior school must be completed through the Principal and Athletic Director's office of HSE High School before participating in athletic contests.

Cheerleaders

Selection: Cheerleading squads will be chosen for basketball and football. These squads will be chosen by the cheerleading coaches through a set try-out procedure at a time designated by these coaches.

Conduct and Character

The athlete must not bring discredit upon the school, or a disruptive influence on the discipline good order, morale or educational environment of the school. A more detailed listing of rules established by HSE High School will be found in the athletic section.

Enrollment

The athlete must be enrolled no later than the 15th day of the current semester, and carry at least five subjects.

Grades

The athletes must be passing 70 percent (five full classes) subjects for the preceding grading period. Semester grades take precedence over those from a nine-week grading period.

HSE HS Extracurricular Academic Standards Procedure must also be followed. (See page 29 for procedure)

IHSAA Eligibility Rules

HSE High School is a member of the Indiana High School Athletic Association (IHSAA). We are required to abide by the rules it has set to govern high school athletics. This is a general summary of some of the rules which most often affect high school athletes. A more detailed account of IHSAA rules is attached at the bottom of the athlete's physical form.

Illness and Injury

The athlete must present written verification from a physician stating that he/she is physically fit to participate after being absent five or more consecutive days.

One Sport per Season

In general, an athlete is allowed to participate in ONLY ONE sport during a season. Exceptions require approval of both coaches involved and the Athletic Director.

Participation, Practice & Games

The athlete must not participate as a member of any similar team, during the same season; or in an IHSAA sponsored sport not under the direct supervision of their school.

Physicals

A completed IHSAA physical form ("Release and Consent Form") must be on file at the high school before the athlete begins conditioning for his or her intended sport.

Quitting a Team

Once an athlete begins practice in a sport and his/her team membership is terminated by either the athlete, or the coach, for a reason other than being "cut" due to lack of ability - he/she is ineligible to practice or participate in another sport during that season. This may be appealed to the Athletic Director. An exception will require mutual consent of both coaches involved and the Athletic Director. Any athlete who quits a team may not try out for a sport of the next season until the team he/she quits finishes their respective season.

This restriction includes pre-season conditioning as well.

Unsportsmanlike Conduct

If an athlete is ejected or disqualified from a contest for any unsportsmanlike conduct there will be a conference with the Athletic Director, head coach, and athlete involved on the next school day. Each case will be handled on its own merits with no precedent for discipline being set by any case.

Undue Influence

The athlete must not have transferred from one school to another for athletic purposes as a result of undue influence, or persuasion by any person or group.

Individually, an athlete must be in the top two places in the "State Meet." These rings will not be purchased by the Athletic Department. They must be funded by another means.

IHSA & Conference Champion Patches

IHSA patches will be purchased by the Athletic Department. Conference patches will be purchased by the individual teams or by the individual athletes.

Hall of Fame

HSE High School recognizes student athletes who have received state recognition by being an Indiana All-Star, All-State Player, and/or IHSA State Finalist. Student/athletes receiving this honor will be given a plaque recognizing their accomplishment and an 11" x 14" photo will be put on the Hall of Fame at HSE HS. Hall of Fame inductees will be recognized at the most opportune time following the date they qualify for this award.

Removal from the Hall of Fame

HSE High School reserves the right to not recognize, or remove a person from the "Hall of Fame" if the qualifying member has committed an act to reflect discredit upon HSE HS.

In the event an underclassman qualifies for the "Hall of Fame, he or she must remain a member of that team through their senior season. If they do not participate in that sport through their senior season, they may be removed from the "Hall of Fame."

Varsity Letter Requirements

Athletes

Individual letter requirements will be determined by the sport's head coach and communicated to the student at the beginning of the sport season. An athlete must complete the season in good standing.

Student Managers

If a student is a manager for a varsity athletic team, the varsity coach will determine the requirement for earning a varsity letter.

Auxiliary Personnel

Auxiliary personnel include people who work with the team primarily at games only. These participants will not qualify for awards through the Athletic Department. They will be recognized by their respective team and its coaching staff.

Section 4: Training Rules & Conduct

Definitions, Explanations, & Penalties

The following descriptions of terms, definitions, and explanations of the rules and penalties are established for the athletes of HSE High School:

Probation

This is a period of time when the athlete's conduct is carefully supervised. It is the result of a violation of one of HSE High School's athletic rules. If an athlete is found to be in violation of an athletic rule while on probation, he/she will suffer the greater of the two penalties.

1. "Type A" Offense, While on Probation

An athlete found to be in violation of an athletic rule for a "Type A" offense while on probation, will not be allowed to participate in athletics the remainder of his/her high school career.

2. "Type B" Offense, While on Probation

An athlete found to be in violation of an athletic rule for a "Type B" offense while on probation, will not be allowed to participate in athletics for one calendar year from the date of the infraction. This athlete will also be placed on probation the remainder of his/her high school career.

Number of Athletic Probations

An athlete cannot be placed on probation more than two times during his/her high school career. If he/she is found in violation of an offense resulting in a third probation, he/she will not be allowed to participate in any type of athletics for the remainder of the high school career. A student is considered an athlete for one year (365 days) from the time he/she becomes a member of a HSE High School athletic team. In future years, each time an athlete becomes a member of a HSE HS team again they are declaring their intentions of

being an athlete for another year. When an HSE HS student is considered to be an athlete he/she will be held accountable for the rules and guidelines of this handbook.

Individual Team Rules

Each head coach will furnish his/her athletes with specific rules and/or regulations which apply to that sport. These rules may go beyond those listed in this handbook, but cannot be of a lesser standard. The Athletic Director must approve these individual rules, and with approval, those penalties will be supported.

Satisfactorily Completing a Season

Those athletes assessed a penalty which would carry over to another season must "SATISFACTORILY COMPLETE" the season they are in. To fulfill this requirement, the athlete must satisfy all of the coach's requirements which are expected of the other team members.

Suspension for a Percent of a Season

1. Suspension for One Season (100%)
If an athlete is excluded from 10 scheduled games and the season consists of 20 games, then 50% of the penalty has been satisfied. The remaining 50% must come from the next season he/she satisfactorily completes.
2. Suspension for Less than One Season (example: 50%)
If an athlete is excluded for one scheduled game and the season consists of 10 games, then 10% of the penalty has been satisfied. The remaining 40% must come from the next season he/she satisfactorily completes.

Hamilton Southeastern Schools desires to fairly and consistently address the issues that arise with student technology usage. While it is recognized that students have freedom of expression, it is not absolute. In the interest of preserving school order and safety, the HSE School Board has established a policy (I05.03) and guidelines (I05.3.1) for technology usage. The goal of these guidelines is to inform students, parents, and educators how the Board of School Trustees and the school corporation will define student conduct with respect to the use of technology that could result in denial, suspension or expulsion. Indiana State statute, Indiana Criminal Code, and U.S. Supreme Court decisions are used in establishing these guidelines.

Computing resources and Internet access is provided to facilitate communications in support of research and education both curricular and extracurricular. To maintain eligibility to this access, students and parents must be in support of, and consistent with, the educational objectives and policies established by Hamilton Southeastern Schools.

The use of any technology resources in Hamilton Southeastern Schools is a privilege, not a right, and it is subject to regulation and monitoring. Violation of any school rules and corporation policy may result in

denial and disciplinary actions. Students and parents will be informed about disciplinary action to be taken in cases of misuse and/or abuse of technology.

Situations which will be considered in determining if an individual has violated the technology usage policy are as follows:

A student shall not create or otherwise access technology content that:

- a) violates any school rule, including any student discipline rule and any school policy;
- b) causes or is likely to cause a substantial and material disruption to the school;
- c) is a "true threat";
- d) is considered as lewd, vulgar, indecent or plainly offensive;
- e) generates a legitimate educational concern; or
- f) is considered an unlawful activity.

Details and definition to the above situations are found in HSE Technology Usage Policy I05.03 and Guidelines I05.3.1.

Students should not have any expectation of privacy with respect to files stored on school-based computing equipment. Hamilton Southeastern Schools reserves the right to monitor Internet access or other network or computer-related activities, engage in routine computer maintenance and housekeeping, carry out internal investigations, prepare responses to request for public records, or disclose messages, data, or files to law enforcement or other legal authorities.

The Corporation recognizes the need to educate students regarding appropriate behavior on social networking and chat room sites about cyber bullying. Therefore students will be provided instruction about appropriate online behavior including interacting with other individuals on social networking sites and in chat rooms including cyber bullying awareness and response.

Hamilton Southeastern Schools makes no warranties of any kind, neither expressed nor implied, for the computing resources and Internet access it provides. Hamilton Southeastern Schools will not be responsible for any damages students suffer, including, but not limited to, loss or corruption of data resulting from delays or interruptions in Internet or computing services. Hamilton Southeastern Schools will not be responsible for the accuracy, nature, or quality of information stored on portable media, hard drives, file servers, or other computing resources; nor for the accuracy, nature, or quality of information gathered through corporation-provided computing resources and Internet access.

Hamilton Southeastern Schools will not be responsible for personal property used to access corporation computers or networks or for corporation provided computing resources and Internet access. Hamilton Southeastern Schools will not be responsible for unauthorized financial obligations resulting from corporation-provided access to computing resources and the Internet.

Students utilizing corporation-provided computing resources and Internet access must first have the permission of Hamilton Southeastern Schools' professional staff and must work under the supervision of professional staff. Students utilizing corporation-provided computing resources and Internet access are responsible for good online behavior similar to the good behavior expected are in a classroom or other area of school.

Students' use of personal technology including computing resources, internet access, and communication devices is subject to the conditions as found in Guidelines I05.3.1 and student handbooks. Inappropriate use of such technology may result in disciplinary action.

Families should be aware that some material accessible via the Internet may contain items that are tasteless, illegal, defamatory, inaccurate, or potentially offensive to some people. In addition, it is possible to purchase goods and services via the Internet, which could result in unwanted financial obligations for which a student's parent or guardian would be liable.

While Hamilton Southeastern Schools' intent is to make Internet access available in order to further educational goals and objectives, students may find ways to access other materials as well. Any Hamilton Southeastern Schools computer used by students will have an Internet filtering process in place when

accessing the Internet. Nevertheless, the HSE School Board recognizes that no current technology will prevent all abuses or improper use.

Ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media, computing, and information sources. There is a fine balance between encouraging autonomous learning and maintaining adequate supervision. Hamilton Southeastern makes the corporation's complete Technology Usage Policy 105.03 and Guidelines 105.3.1 available online on the HSE's website (www.hse.k12.in.us) for review by all parents, guardians, and other member of the community. Parents and guardians also are provided the option of requesting alternative activities not requiring computing resources and/or Internet use for their minor children.

Military Recruiters

Notice of Restriction to Release Student Directory Information to Military Representatives

Release of Student Directory Information by HSE High School to recruiting representatives of the various military services and academies is required by state and federal law. For purposes of these laws, directory information is defined as name of student, address, and published telephone number(s). A parent or a student has the right to restrict the release of such information to the military recruiting representatives if the parent or student makes a written request that the directory information not be released to military recruiters without the parent's written consent for such release.

Pest Control

Hamilton Southeastern Schools will take appropriate measures to keep the corporation's facilities and grounds as free as practically possible from pests that may be harmful to staff and students. To the extent that such measures involve the use of chemicals, the Superintendent will establish a procedure that, at a minimum, provides for:

- ◆ Appropriate notices to parents, building administrators and school nurses
- ◆ Appropriate steps to identify students that are allergic to chemicals that might be used
- ◆ Maintain all required records of pest control measures employed
- ◆ Compliance with applicable laws and regulations
- ◆ Any necessary training of staff
- ◆ Procedures in place in the event of an emergency

Student Photographs/Films/Videos

Media Interviews and Photographs

Members of the public news media wishing to conduct interviews or take photographs at school during regular school hours in which students would (or could) be individually identified, need the prior permission of the central office administration.

Each year parents/guardians will be given the opportunity to indicate if they do not want public news media to interview or photograph their child at school.

Using Schools or Students for Publicity Purposes

Partisan, sectarian, or denominational doctrines may not be advocated in a public school during the hours the school is in session. This includes filming of campaign advertisements or other spots which advocate a certain position or opinion. This policy is not intended to limit the use of debates for instructional purposes, nor is it intended to limit the use of school facilities for organized debates.

Tobacco Free Schools

The Board of School Trustees declares all school buildings and grounds, including athletic facilities to be smoke-free environments. Staff, students and members of the public are expected to observe this restriction at all times. Notices will be posted indicating that all Hamilton Southeastern School buildings and grounds are smoke-free.

Video Surveillance

The Board of School Trustees authorizes the use of video cameras on corporation property to assist in protecting the health, welfare, and safety of all staff, students, and visitors and to safeguard corporation facilities and equipment. Video cameras may be used in locations deemed appropriate by the Superintendent or his/her designee.

Recorded information from these cameras ("security videos") showing identifiable students will be treated as an "education record" and will not be produced outside of the corporation except pursuant to a subpoena, court order, or release in accordance with the Family Educational Rights & Privacy Act ("FERPA", 20 United States Code 1233 (g), 34 CFR Part 99.)

For the purpose of these policy restrooms, locker rooms, and areas reserved exclusively for staff use shall be considered a "private area" of the facility and shall not be equipped with video security equipment. The term "non-private area" shall therefore mean any area on school corporation property not meeting the definition of a "private area".

All speech and conduct in the non-private areas of the school corporation facilities is subject to being observed, recorded, preserved, and examined by means of security video equipment. No person will have a legitimate expectation of privacy with respect to his or her conduct or speech in the non-private area of a school corporation property.

By this policy, the Board does not mandate or warrant that every non-private location in every school corporation facility will be equipped with security video equipment, nor that the security video equipment will record specific conduct or expression.

Directory Information

The Family Educational Rights and Privacy Act ("FERPA") ensures that personally identifiable information of students in school records are kept confidential. The law specifies, however, that certain non-sensitive "Directory Information" may be released for any purpose at the discretion of the school corporation, with general notification of such intent. Please consider as a general notification for the 2010-11 school year.

Hamilton Southeastern Schools considers "Directory Information" to be:

- Student's name
- Age
- Grade level
- School
- Photographs
- Honors and awards
- Participation in officially recognized activities or athletics
- Dates of attendance
- Enrollment status
- Address
- Phone numbers
- Email Address
- Teacher of record

This Directory Information is used for a variety of purposes such as yearbook or student newspaper, printed programs for extracurricular activities, news releases to the local media, corporation publications, and interviews with local news media. It can also be used on the corporation website, corporation videos, podcasts, and interviews with local news media for broadcast on TV or radio. In the case of high school students, information can be released to colleges.

Please know that you have the right to request that the school not disclose any or all directory information. Please consider very carefully your decision to request the school not to disclose directory information. This information is typically used in news stories about our students' achievements and classroom activities, honor roll lists, the yearbook, and school directories, and school and corporation newsletters. **Should you deny permission for the release of information, any future requests for such information from news media and other individuals will be refused for the duration of the school year.**

To request that the school not disclose directory information, please notify your child's school in writing within 14 days of the start of the school year or within 14 days of enrolling your child. Otherwise, your student's directory information may be released without further permission.

Also, please note that United States armed forces recruiters also have a right to a student's name, address and phone number unless the student's parent or the adult student specifically requests in writing that this information is not released to the armed forces recruiters.

Fundraising Policy

Hamilton Southeastern Schools' Fundraising Policy states that no student will be required to participate in any fundraising activity as an expectation for team or club membership nor penalized for not participating in a fundraising activity.

After School Activities/Inclement weather – delays/closing

The cancellation of after school activities will be determined on a case by case basis as weather conditions evolve. Parents and students will receive communications via the school website, listserv, or emergency notification system.

6+1 Writing traits

IDEAS AND CONTENT

(Development)

- 5** *This paper is clear and focused. It holds the reader's attention. Relevant anecdotes and details enrich the central theme.*
- A. The topic is **narrow** and **manageable**.
 - B. **Relevant, telling, quality details** give the reader important information that goes **beyond the obvious** or predictable.
 - C. Reasonably **accurate details** are present to support the main ideas.
 - D. The writer seems to be writing from **knowledge** or **experience**; the ideas are **fresh** and **original**.
 - E. The reader's questions are **anticipated and answered**.
 - F. **Insight**—an understanding of life and a knack for picking out what is significant—is an indicator of high level performance, though not required.
- 3** *The writer is beginning to define the topic, even though development is still basic or general.*
- A. The **topic is fairly broad**; however, you can see where the writer is headed.
 - B. **Support is attempted**, but doesn't go far enough yet in fleshing out the key issues or story line.
 - C. **Ideas are reasonably clear**, though they may not be detailed, personalized, accurate, or expanded enough to show in depth understanding or a strong sense of purpose.
 - D. The writer seems to be drawing on knowledge or experience, but **has difficulty going from general observations to specifics**.
 - E. The reader is **left with questions**. More information is needed to "fill in the blanks."
 - F. The **writer generally stays on the topic** but does not develop a clear theme. The writer has not yet focused the topic past the obvious.
- 1** *As yet, the paper has no clear sense of purpose or central theme. To extract meaning from the text, the reader must make inferences based on sketchy or missing details. The writing reflects more than one of these problems:*
- A. The writer is **still in search of a topic**, brainstorming, or has not yet decided what the main idea of the piece will be.
 - B. Information is **limited** or **unclear** or the **length is not adequate** for development.
 - C. The idea is a **simple restatement** of the topic or an **answer** to the question with little or no attention to detail.
 - D. The writer has **not begun to define the topic** in a meaningful, personal way.
 - E. **Everything seems as important as everything else**; the reader has a hard time sifting out what is important.
 - F. The text may be **repetitious**, or may read like a collection of **disconnected, random thoughts** with no discernable point.

ORGANIZATION

- 5** *The organization enhances and showcases the central idea or theme. The order, structure, or presentation of information is compelling and moves the reader through the text.*
- A. An **inviting introduction** draws the reader in; a **satisfying conclusion** leaves the reader with a sense of closure and resolution.
 - B. **Thoughtful transitions** clearly show how ideas connect.
 - C. Details seem to fit where they're placed; **sequencing is logical** and **effective**.
 - D. **Pacing is well controlled**; the writer knows when to slow down and elaborate, and when to pick up the pace and move on.
 - E. The **title**, if desired, is **original** and captures the central theme of the piece.
 - F. Organization **flows so smoothly** the reader hardly thinks about it; the choice of structure matches the **purpose** and **audience**.
- 3** *The organizational structure is strong enough to move the reader through the text without too much confusion.*
- A. The paper has a **recognizable introduction and conclusion**. The introduction may not create a strong sense of anticipation; the conclusion may not tie-up all loose ends.
 - B. **Transitions often work well**; at other times, connections between ideas are fuzzy.
 - C. **Sequencing** shows **some logic**, but not under control enough that it consistently supports the ideas. In fact, sometimes it is so predictable and rehearsed that the **structure takes attention away from the content**.
 - D. **Pacing is fairly well controlled**, though the writer sometimes lunges ahead too quickly or spends too much time on details that do not matter.
 - E. A **title (if desired) is present**, although it may be uninspired or an obvious restatement of the prompt or topic.
 - F. The **organization sometimes supports the main point or storyline**; at other times, the reader feels an urge to slip in a transition or move things around.
- 1** *The writing lacks a clear sense of direction. Ideas, details, or events seem strung together in a loose or random fashion; there is no identifiable internal structure. The writing reflects more than one of these problems:*
- A. There is **no real lead** to set-up what follows, **no real conclusion** to wrap things up.
 - B. Connections between ideas are **confusing** or not even present.
 - C. **Sequencing needs** lots and lots of **work**.
 - D. **Pacing feels awkward**; the writer slows to a crawl when the reader wants to get on with it, and vice versa.
 - E. **No title is present** (if requested) or, if present, **does not match** well with the content.
 - F. Problems with organization make it **hard for the reader to get a grip** on the main point or story line.

VOICE

- 5** *The writer speaks directly to the reader in a way that is individual, compelling and engaging. The writer crafts the writing with awareness and respect for the audience and the purpose for writing.*
- A. The tone of the writing **adds interest** to the message and is **appropriate for the purpose and audience**.
 - B. The reader feels a **strong interaction** with the writer, sensing the **person behind the words**.
 - C. The writer **takes a risk** by revealing who he or she is consistently throughout the piece.
 - D. **Expository or persuasive** writing reflects a **strong commitment** to the topic by showing **why** the reader **needs to know this** and why he or she should care.
 - E. **Narrative** writing is **honest, personal, and engaging** and makes you **think about, and react to**, the author's ideas and point of view.
- 3** *The writer seems sincere but not fully engaged or involved. The result is pleasant or even personable, but not compelling.*
- A. The writer seems aware of an audience but discards personal insights in favor of **obvious generalities**.
 - B. The writing communicates in an **earnest, pleasing, yet safe** manner.
 - C. Only **one or two moments here or there** intrigue, delight, or move the reader. These places may **emerge strongly for a line or two, but quickly fade away**.
 - D. **Expository or persuasive** writing **lacks consistent engagement** with the topic to build credibility.
 - E. **Narrative** writing is **reasonably sincere**, but doesn't reflect unique or individual perspective on the topic.
- 1** *The writer seems indifferent, uninvolved, or distanced from the topic and/or the audience. As a result, the paper reflects more than one of the following problems:*
- A. The writer is **not concerned with the audience**. The writer's style is a **complete mismatch** for the intended reader or the writing is **so short** that little is accomplished beyond introducing the topic.
 - B. The writer speaks in a kind of **monotone** that flattens all potential highs or lows of the message.
 - C. The writing is **humdrum and "risk-free."**
 - D. The writing is **lifeless or mechanical**; depending on the topic, it may be overly technical or jargonistic.
 - E. The development of the topic is **so limited** that **no point of view is present**—zip, zero, zilch, nada.

WORD CHOICE

5 *Words convey the intended message in a precise, interesting, and natural way. The words are powerful and engaging.*

- A. Words are **specific** and **accurate**. It is easy to understand just what the writer means.
- B. **Striking words and phrases** often catch the reader's eye and linger in the reader's mind.
- C. Language and phrasing is **natural**, **effective**, and **appropriate** for the audience.
- D. **Lively verbs** add energy while **specific nouns** and **modifiers** add depth.
- E. Choices in language **enhance** the **meaning** and **clarify** understanding.
- F. **Precision** is obvious. The writer has taken care to put just the right word or phrase in just the right spot.

3 *The language is functional, even if it lacks much energy. It is easy to figure out the writer's meaning on a general level.*

- A. Words are **adequate and correct in a general sense**, and they support the meaning by not getting in the way.
- B. Familiar **words and phrases communicate** but rarely capture the reader's imagination.
- C. **Attempts at colorful language** show a willingness to stretch and grow but sometimes reach beyond the audience (thesaurus overload!).
- D. Despite a **few successes**, the writing is marked by **passive verbs**, **everyday nouns**, and **mundane modifiers**.
- E. The words and phrases are **functional** with only **one or two fine moments**.
- F. The words may be **refined in a couple of places**, but the language looks more like **the first thing that popped into the writer's mind**.

1 *The writer demonstrates a limited vocabulary or has not searched for words to convey specific meaning.*

- A. Words are so **nonspecific and distracting** that only a **very limited meaning** comes through.
- B. Problems with language **leave the reader wondering**. Many of the **words** just **don't work** in this piece.
- C. Audience has not been considered. **Language is used incorrectly** making the message secondary to the misfires with the words.
- D. **Limited vocabulary** and/or **misused parts of speech** seriously impair understanding.
- E. Words and phrases are so **unimaginative** and **lifeless** that they detract from the meaning.
- F. **Jargon or clichés** distract or mislead. **Redundancy** may distract the reader.

SENTENCE FLUENCY

- 5** *The writing has an easy flow, rhythm, and cadence. Sentences are well built, with strong and varied structure that invites expressive oral reading.*
- A. Sentences are constructed in a way that underscores and enhances the **meaning**.
 - B. Sentences **vary in length as well as structure**. Fragments, if used, add style. Dialogue, if present, sounds natural.
 - C. **Purposeful** and **varied sentence beginnings** add variety and energy.
 - D. The use of **creative and appropriate connectives** between sentences and thoughts shows how each relates to, and builds upon, the one before it.
 - E. The writing has **cadence**; the writer has thought about the sound of the words as well as the meaning. The first time you read it aloud is a breeze.
- 3** *The text hums along with a steady beat, but tends to be more pleasant or businesslike than musical, more mechanical than fluid.*
- A. Although sentences may not seem artfully crafted or musical, **they get the job done in a routine fashion**.
 - B. Sentences are **usually constructed correctly**; they **hang together**; they are **sound**.
 - C. **Sentence beginnings** are not ALL alike; **some variety is attempted**.
 - D. The reader sometimes has to **hunt for clues** (e.g., connecting words and phrases like *however, therefore, naturally, after a while, on the other hand, to be specific, for example, next, first of all, later, but as it turned out, although*, etc.) that show how sentences interrelate.
 - E. **Parts** of the text **invite expressive oral reading**; others may be stiff, awkward, choppy, or gangly.
- 1** *The reader has to practice quite a bit in order to give this paper a fair interpretive reading. The writing reflects more than one of the following problems:*
- A. Sentences are **choppy, incomplete, rambling or awkward**; they need work. **Phrasing does not sound natural**. The patterns may create a sing-song rhythm, or a chop-chop cadence that lulls the reader to sleep.
 - B. There is little to **no “sentence sense”** present. Even if this piece was flawlessly edited, the sentences would not hang together.
 - C. Many **sentences begin the same way**—and may follow the same patterns (e.g. *subject-verb-object*) in a monotonous pattern.
 - D. **Endless connectives** (*and, and so, but then, because, and then*, etc.) or a **complete lack of connectives** create a massive jumble of language.
 - E. The text **does not invite expressive oral reading**.

CONVENTIONS

- 5** *The writer demonstrates a good grasp of standard writing conventions (e.g. spelling, punctuation, capitalization, grammar, usage, paragraphing) and uses conventions effectively to enhance readability. Errors tend to be so few that just minor touch-ups would get this piece ready to publish.*
- A. **Spelling is generally correct**, even on more difficult words.
 - B. The **punctuation is accurate**, even creative, and guides the reader through the text.
 - C. A thorough understanding and consistent application of **capitalization** skills are present.
 - D. **Grammar and usage are correct** and contribute to clarity and style.
 - E. **Paragraphing tends to be sound** and reinforces the organizational structure.
 - F. The writer **may manipulate conventions** for stylistic effect—and it works! The piece is very close to being **ready to publish**.
- 3** ***GRADES 7 AND UP ONLY:** The writing is sufficiently complex to allow the writer to show skill in using a wide range of conventions. For writers at younger ages, the writing shows control over those conventions that are grade/age appropriate. The writer shows reasonable control over a limited range of standard writing conventions. Conventions are sometimes handled well and enhance readability; at other times, errors are distracting and impair readability.*
- A. **Spelling** is usually **correct or reasonably phonetic on common words**, but more difficult words are problematic.
 - B. **End punctuation is usually correct**; internal punctuation (*commas, apostrophes, semicolons, dashes, colons, parentheses*) is sometimes missing/wrong.
 - C. **Most words are capitalized correctly**; control over more sophisticated capitalization skills may be spotty.
 - D. **Problems with grammar or usage are not serious** enough to distort meaning but may not be correct or accurately applied all of the time.
 - E. **Paragraphing is attempted** but may run together or begin in the wrong places.
 - F. **Moderate editing** (a little of this, a little of that) would be required to polish the text for publication.
- 1** ***Errors in spelling, punctuation, capitalization, usage, and grammar and/or paragraphing repeatedly distract the reader and make the text difficult to read. The writing reflects more than one of these problems:***
- A. **Spelling errors are frequent**, even on common words.
 - B. **Punctuation** (including terminal punctuation) is often **missing or incorrect**.
 - C. **Capitalization** is **random** and only the easiest rules show awareness of correct use.
 - D. **Errors in grammar or usage are very noticeable**, frequent, and affect meaning.
 - E. **Paragraphing is missing, irregular, or so frequent** (every sentence) that it has no relationship to the organizational structure of the text.
 - F. The reader must **read once to decode**, then again for meaning. **Extensive editing** (virtually every line) would be required to polish the text for publication.

PRESENTATION (optional)

5 *The form and presentation of the text enhances the ability for the reader to understand and connect with the message. It is pleasing to the eye.*

- A. If handwritten (either cursive or printed), the **slant is consistent**, letters are clearly formed, **spacing is uniform** between words, and the text is easy to read.
- B. If word-processed, there is **appropriate use of fonts and font sizes** which invites the reader into the text.
- C. The use of **white space** on the page (spacing, margins, etc.) allows the intended audience to easily focus on the text and message without distractions. There is just the right amount of balance of white space and text on the page. The formatting suits the purpose for writing.
- D. The use of a **title, side heads, page numbering, bullets**, and evidence of correct use of a style sheet (when appropriate) makes it easy for the reader to access the desired information and text. These markers allow the hierarchy of information to be clear to the reader.
- E. When appropriate to the purpose and audience, there is **effective integration of text and illustrations, charts, graphs, maps, tables, etc.** There is clear alignment between the text and visuals. The visuals support and clarify important information or key points made in the text.

3 *The writer's message is understandable in this format.*

- A. **Handwriting is readable**, although there may be **discrepancies in letter shape and form, slant, and spacing** that may make some words or passages easier to read than others.
- B. **Experimentation with fonts and font sizes** is successful in some places, but begins to get fussy and cluttered in others. The **effect is not consistent** throughout the text.
- C. While margins may be present, **some text may crowd the edges**. Consistent spacing is applied, although a different choice may make text more accessible (e.g., single, double, or triple spacing).
- D. Although some markers are present (titles, numbering, bullets, side heads, etc.), they are not used to their fullest potential as a guide for the reader to access the greatest meaning from the text.
- E. An **attempt is made to integrate visuals** and the text although the connections may be limited.

1 *The reader receives a garbled message due to problems relating to the presentation of the text.*

- A. Because the letters are irregularly slanted, formed inconsistently, or incorrectly, and the spacing is unbalanced or not even present, it is **very difficult to read and understand the text**.
- B. The writer has gone **wild with multiple fonts and font sizes**. It is a major distraction to the reader.
- C. The **spacing is random and confusing** to the reader. There may be little or no white space on the page.
- D. **Lack of markers** (title, page numbering, bullets, side heads, etc.) leave the reader wondering how one section connects to another and why the text is organized in this manner on the page.
- E. The visuals do not support or further illustrate key ideas presented in the text. They may be **misleading, indecipherable, or too complex** to be understood.
